WHAT IS FOSTERING?

Fostering is a special service set up for looking after children and young people who are unable to live with their parents.

THERE ARE 3 MAIN TYPES OF FOSTERING

EMERGENCY/RESPITE FOSTERING

This is for a very short time maybe a few days or weeks, this is usually for children who need to take some time out from their home. Social services will find them a family who they can stay with for a short time.

LONG – TERM OR PERMANENCY

This is when a child or young person is placed with a foster family for a long time, usually for a number of years or until they have grown up.

SHORT – TERM FOSTERING

This is when a child or young person is placed into care, short-term can be for a few weeks or sometimes longer.

YOUR SOCIAL WORKER

Your own social worker works for the Local Authority – that's the area you live in. They are in charge of making sure you are looked after very well. Your social worker will visit you at your foster home to make sure that you are happy. Your social worker can help and you should feel happy talking to them about things that are worrying you.

WHY DO I HAVE TO LIVE WITH A FOSTER CARER?

Children live with foster carers for all sorts of reasons, but it's not because of anything you have done wrong. When a child cannot live with their own family, they can live in a foster home for a while. Moving into a new and different family is not easy, but your Social Worker and your foster carers want to make sure you are in a safe, caring and happy home.

YOUR INDEPENDENT REVIEWING OFFICER

An Independent Reviewing Officer's (also known as IRO) main job is to make sure that your care plans which is all about you and where you will be living meets your needs.

- ✓ They will chair your looked after care review
- ✓ By letting you have your say in your review
- ✓ By following up to make sure that people actually do what they agreed to do.

At your Review, it is very important that you make sure that your IRO knows how you feel and what you would want to happen. Your IRO's job is also to make sure that the Local Authority (For whom your social worker works for) knows when everything is going well but also to find out if there are anything they can help you with.

TEN important things to know about your IRO

1. If you are in care (or "looked after") the local authority must appoint an IRO for you
2. Your IRO chairs your case reviews.
3. If you have brothers and/or sisters in care they too will have the same IRO as you do.
4. You should know who your IRO is and how to make contact with him/her.
5. You should keep the same IRO for the whole time that you are in care.
6. If you are a parent yourself of a child who is also in care, you both will have the same IRO but in some situations will have a different IRO.

7. You should be given written information explaining the role of the IRO, and telling you what you can do if things decided at your review are not carried out.
8. If your IRO leaves (perhaps to go to another job or retire) they must introduce you to your new IRO.
9. Apart from your first week in care, you should never be without an IRO.
10. Your IRO should meet with you in person before your first review.

HOW TO CONTACT AN IRO?

Your social worker or the Agency's supervising social worker can provide this information for you. You can also take your IRO's contact details when you meet him/her at your first review.

Do you know who is your IRO? Write his/her name here:

YOUR FOSTER CARER'S

Foster carers are people who have been approved especially to care for children and keep them safe.

We understand that it can be very difficult moving into a new home and meeting your foster carers for the first time. Your foster carers will make you feel welcome and safe in your new home.

You will have lots of questions like:

WHAT DO I CALL MY FOSTER CARERS?

You should ask them; they won't expect you to call them 'Mum' or 'Dad'. If you talk about it then you can find out what everyone is happy with.

MY BEDROOM?

You should ask them; they won't expect you to call them 'Mum' or 'Dad'. If you talk about it then you can find out what everyone is happy with.

YOUR RIGHTS

All adults should listen to you and treat you fairly all the time, even when you have done something they are not happy with.

When you want to find out about something or want some advice then your foster carers will help you. You can also speak to your social worker or the Britannia social worker.

You should tell your foster carer about yourself, what your favourite foods are and what you like doing.

You have the right to be kept safe at all times

You should receive a healthy and balanced diet and plenty of exercise.

When you are 18 you will have the right to read your file.

Every child has the right to an education.

You will receive pocket money, and your carers will save money for you in your bank account.

You have the right to know why you are in care

FEELING SAFE

Foster carers have to make sure that you feel safe so they will have some rules in their home about what you can and cannot do. This is called a Safe Care Policy which your foster carer will share with you. Sometimes you may forget the rules and your foster carer will talk to you about this. Your foster carer will never smack or hit you, call you names, or stop you from seeing your family.

Expect to be treated with respect!

USING THE PHONE

We want you to be able to keep in touch with your family and friends, but it's important that this is done in a safe way. Your foster carer and social worker will talk to you about this. Remember we always want you to feel safe and not frightened in your foster home, if you don't feel safe you should talk to someone about this to help you sort it out.

MAKING A COMPLAINT

What to do if you need to complain. If you are not happy about the way you are being looked after, or feel you are not getting the help you need, you have the right to complain. You can ask your foster carers or social worker to sort things out, or you can ask the fostering social worker who visits your foster carer to help you.
